

# THE BLAIRMORE ENTERPRISE

VOL. XVII, NO. 14

THE BLAIRMORE ENTERPRISE, THURSDAY, APRIL 9, 1926.

## COUNCIL CONSIDERS

### STREET IMPROVEMENT

The regular meeting of the council this week took place last night, having been postponed on account of the musical festival.

Mayor Farmer and Councillors Ferguson, Patterson and Morgan were present.

The minutes of last previous regular and special meetings were approved as read.

Mr. Wallace reported upon his recent preliminary survey of the water supply and prospects. His report will be submitted in written form to the special meeting of the council on Monday night next.

Mr. L. L. Morgan, on behalf of the Blairmore Board of Trade, appealed to the council to take steps towards grading and surfacing the main street through the town, somewhat along the lines of that being done on the main trunk road through the Crow's Nest Pass. Figures were submitted, showing the probable cost of the work and the council agreed to call for tenders for the grading and surfacing of the road and street from the east boundary bridge to the west boundary of the town, tenders to be considered at a special meeting of the council on Monday night next.

Mr. Whiddington, architect, of Lethbridge, submitted plans in connection with municipal offices and firemen's quarters. One plan was to make certain extensive alterations to the present building, providing for

an extension that would accommodate the fire apparatus and fireman and a vault attached to the secretary's office. Another plan was for the erection of a modern structure on a site almost directly opposite the C.P.R. station. Owing to the absence of three members of the council, action thereon was deferred till Monday night next.

A communication was received from the provincial department of dependent and delinquent children, advising the town that allowance to Mrs. Killo, as far as the municipality was concerned, was cancelled.

A batch of accounts, totalling in the neighborhood of \$3300, mostly for work on roads, were passed for payment.

The auditor's report for the three months ending March 31st, was read and ordered filed.

## DEATH OF MRS. J. M. WINDSOR

Word comes from Calgary of the death of Mrs. J. M. Windsor, which occurred this morning at an early hour. Mrs. Windsor had been ill for a considerable time.

Mr. and Mrs. Windsor were former residents of Blairmore, where Mr. Windsor occupied the position of manager of the local branch of the Union Bank of Canada and supervisor over the district branches. Mr. Windsor is now inspector of branches with the Royal Bank of Canada in Alberta.

## CROW'S NEST PASS

### FESTIVAL A SUCCESS

The second annual musical festival, held under the auspices of the Sunday School of the Crow's Nest Pass, opened at the opera house on Monday morning and lasted for the full two days.

In every respect the festival was a success. This year added interest was created through the extension of the territory to include the district from Michel to the west and Macleod to the east, and each and every town in that territory was well represented. Upwards of 350 young people participated in the various vocal, instrumental and declamatory events, and it was admitted by the adjudicators, who are admittedly past masters in music, that never before in the history of Alberta at least, has such a varied programme been staged, particularly to include such an array of highly qualified artists with the violin. All competitions were contested keenly and at times it was difficult for the judges to decide just which way to cast a deciding mark.

A new feature was added to the programme this year in choral competitions. Two choirs entered from Macleod and Blairmore United churches. The latter won out by a good margin.

From the opening hour of 9 on Monday morning to the closing hour of 11 on Tuesday night, practically all the time was occupied, and in order to crowd in all the programme of the closing day it was necessary to switch part of the violin section to the Greenhill parlor that afternoon. Packed houses greeted the performers throughout and on Tuesday night a rare spectacle was witnessed when the spacious opera house was packed to every inch of standing room.

Much interest centered in the decision of the judges. Mr. Vernon W. Barford, M.A., A.A.G.O., of Edmonton (instrumental), Mr. Clifford Higgins, of Calgary (vocal), and Rev. N. F. Priestly, of Coaldale (elocution); and during the times in which they were discussing the various artists the utmost silence and attention prevailed.

Following were the winners in the various events:

### Elocution

Under 12 years—First, Miss Valerie Leigh, Cowley, with 84 marks; second, Miss Evelyn Price, Coleman, with 83 marks.

Under 15 years—First, Miss Francis Smith, Lundbreck, with 78 marks; second, Miss Madeline Hewitt, and Miss Daisy Jackson, of Macleod, with 76 marks each.

Under 18 years—First, Miss Margaret Cole, Bellevue, with 79 marks; second, Stanley Rands, Macleod, with 78 marks.

### Vocal

Under 10 years—First, Miss Grace Wheatcroft, Blairmore, with 79 marks; second, Miss Wilma Wheatcroft, Blairmore, with 74 marks.

Under 12—First, Miss Marion McDonald, Blairmore, with 80 marks; second, Miss Doreen Chappell, Blairmore, with 78 marks.

Under 14—First, Miss Lena Fraser, Blairmore, with 76 marks; second, Miss Gladys Cooney, Macleod, with 74 marks.

Under 15—First, Miss Violet Rae, Blairmore, with 71 marks; second, Miss Jennie Stobbs, Hillcrest, with 70 marks.

### Piano

Grade I—First, Miss Joan Buchanan, Pincher Creek, with 161 marks; second, Miss Francis Lavelle, Blairmore, with 154 marks.

Grade II—First, Miss Doreen Jackson, Pincher Creek, with 168 marks; second, Miss Edna McLaughlin, Pincher Creek, with 166 marks.

Grade III—First, Kathleen McGee, Pincher Creek, with 167 marks; second, Miss Francis Carlson, Pincher Creek, with 165 marks.

## WHEATLEY ADDRESSES

### TEACHERS' ALLIANCE

Paternal greetings were brought to the Alberta Teachers' Alliance at their session in Calgary on Tuesday by Mr. Frank Wheatley, president of the Alberta Federation of Labor and a member of the Blairmore school board.

He urged the members of the Alliance to pin the Blairmore school board on the black list and to "treat them as unfairly as they have treated you." He said that they were working towards an end in getting the Blairmore school board over to the point of view of the A.T.A. He asked them to give more attention to the school act, and declared it was one of the worst assembled acts in the province and that it certainly did not reflect any too good on an educational body.

Grade IV—First, Miss Marion Fraser, Pincher Creek, with 149 marks; second, Miss Agnes Gillespie, Pincher Creek, with 145 marks.

Grade V—First, Miss Dorothy Walker, Bellevue, with 169 marks; second, Miss Alice Hornequist, Blairmore, and Miss Sybil Kemmis, Pincher Creek, with 165 marks each.

Sight Reading—First, Miss B. Sniville, Pincher Creek, with 90 marks; second, Mr. Glyn Thomas, Blairmore, with 80 marks.

Junior Piano Duets—First only, Misses Allison and Neuman, Pincher Creek.

Senior Piano Duets—First only, Misses Gillespie and Kemmis, Pincher Creek.

Piano Open—First, Miss Dorothy Walker, Bellevue, with 161 marks; second, Mrs. J. B. Wilson, Blairmore, with 150 marks.

Piano Special Open—First, Miss Chardonn, Blairmore, with 96 marks; second, Miss Ruth Herman, Cowley, with 98 marks.

### Violin

Grade I, Junior—First, George Tonks, Hillcrest, with 139 marks; second, Anglin Young, Blairmore, with 137 marks.

Grade I, Senior—First, Duncan Hamilton, Blairmore, with 138 marks; second, F. G. Harris, Pasaburg, with 137 marks.

Grade II—First, Verdun Leigh, Cowley, with 153 marks; second, John Everett, Hillcrest, with 152 marks.

Grade III—First, Regis Dionne, Pincher Creek, with 171 marks; second, Eric Hornequist, Blairmore, with 169 marks.

Grade IV—First, Miss Isobel Morrison, Cowley, with 143 marks.

Grade V—First, Joe Jasbec, Hillcrest, with 175 marks.

Violin Duets—First, H. Stobbs and J. Jasbec, Hillcrest, with 156 marks. Junior Violin Quartettes—First, John Forstay, Gladys Rhodes, Kathleen Rose and John Stobbs, Hillcrest, with 78 marks.

Senior Violin Quartettes—First, H. Stobbs, J. Jasbec, John Beloposky and Isobel Morrison.

### Vocal

Soprano—First, Miss Janet Nicol, Blairmore, with 161 marks; second, Mrs. Brewster, Macleod, with 156 marks.

Contralto—First, Mrs. West, Pincher Creek, with 160 marks; second, Miss Young, Macleod, with 157 marks.

Tenor—First, Mr. D. E. White, Macleod, with 153 marks.

Baritone—First, Mr. Phillips, Coleman, with 160 marks; second, Mr. Roger Hunt, Macleod, with 156 marks.

Choirs—Blairmore United Church, with 146 marks.

Vocal Duets—First, Mrs. West and Mrs. Freebairn, Pincher Creek, with 79 marks.

Violin Trio—First, Misses Horton, Moyle and Mr. H. Stobbs, Hillcrest, with 149 marks.

Violin Open—First, Mr. Arthur

Tustian, Cowley, with 166 marks.

Orchestra—Sunday School Tuxedo Orchestra, Blairmore, with 160 marks. Senior Orchestra—Hillcrest, with 155 marks.

Special prize for highest aggregate marks at the festival was awarded to Joe Jasbec, Hillcrest.

At the conclusion of the program on Tuesday night, the prizes were awarded by Mr. Thomas, who on behalf of the festival committee thanked all who assisted in any way towards the success of the festival, particularly mentioning the village of Cowley, which came forward so liberally with money and talent. Likewise Pincher Creek, which came forward with a varied line of talent that added greatly to the programme. Pincher Creek were well rewarded for their effort in bringing back so many trophies.

One of the most pleasing features of the closing ceremonies was the presentation of a beautiful bouquet of flowers to Miss Jackson, of Pincher Creek, through whose efforts Pincher Creek was so well organized for their part in the festival. The presentation was made by little Francis Lavelle on behalf of the committee.

We understand that the festival next year will be held at Pincher Creek.

Much credit is due the local committee for the success that has attended their untiring efforts.

## ANGUS MCLAUGHLIN DIED

Angus McLaughlin, a herborjack and old timer in the district, was found dead in his room at the Blairmore rooming house on Saturday morning last. He retired in apparent good health the night previous and death is believed to have resulted from heart failure. He was about fifty-five years of age and a native of Bruce County, Ontario. A brother predeceased him a few years ago under very similar circumstances.

The remains have been taken in charge by the G.W.V.A., and interment placed this afternoon.

The president of the G.W.V.A. desires to thank Mr. Harry Burns, of the McLaren Lumber Co., and others for subscriptions towards the cost of burial.

A successful whist drive and social was staged in the Lodge Hall last night by the members of Viny Chapter, O.E.S. Nineteen tables were at play in whist, the prize winners being: Ladies' first, Mrs. J. McAndrew; second, Mrs. M. Joyce; consolation, Mrs. M. A. Pruden. Gent's first, Mrs. W. Lord (a gentleman's shirt); second, Mrs. A. E. Ferguson; consolation, Mr. Clendfield. Following a dainty luncheon, a few hours were spent at dancing, Mason's orchestra furnishing the music.

## Get back that lost weight!

When you start to waste away to a shadow, when the color leaves your cheeks and your poor, tired legs will hardly hold up your wasted body it's high time you started taking the tonic and builder like Tangle.

Tangle will build you up and make you feel that life's worth living. Made from roots, herbs and bark gathered from the four corners of the earth and compounded under the exclusive Tangle formula, Tangle is just what the poor, starved body needs.

First of all it cleanses the blood stream and puts the digestive organs in order. You find, after a few days' treatment, that you want to eat. Pretty soon the welcome color starts back into your cheeks and the scales tell you that you're gaining weight. From then on it's only a short time until you're feeling fit as a fiddle.

Millions of men and women have taken Tangle with great benefit. More than one hundred thousand people have written us glowing tributes to this wonderful tonic.

When you know it has worked wonders for so many folk it's folly not to take advantage of Tangle's help for yourself. Don't

**THE STORY THUS FAR**  
Joanna, pretty, modern, shapely girl alone in the world, has never known anything but poverty and a desire for the luxuries of life. Her lips are lip-sick, her hair lobeless, her dress shabby, but her heart is clean with all of her hardships. She is summoned into the presence of Graydon, her employer. She is expecting to be dismissed.

### CHAPTER II.

Into the Chamber of Money.  
For a long time Graydon almost loomed down upon the girl who had bowed into the chair. She, too, was silent, motionless. The letter he had given her with the small, leather-bound book, stood in her hand. She held it before her, as if to shield herself from his gaze. Her eyes stared at the typed lines. Now and again she closed her lips tightly, shook her head over so little, and parted her lips again, as if the words on the paper shared with her the loneliness of her gaze and she had strengthened them out by shaking the confusion out of her brain.

Once she let her hand drop, and kept her eyes closed for what might have been half a minute. Then, with a suddenness that seemed to startle her, she was clutching at a shadow that she didn't want to fade, she brought the paper closer and read each line again, in frantic haste. As Graydon watched her, the words of the thing were tender, and tearful, he heard about his lips. Out of the eccentric pattern of the exaggerated

type she represented, the excessively decorative "daughter of today," a new shape emerged. For the moment he forgot the maelstrom that surged outside his office doors—the humdrum of bargaining in the great layish doors of the department store. The girl, who was one of those who bargained, bargained with her wits against the purses of housewives, bargained the shimmer of her hair and the brown of her eyes and the curves of her lips against the world of which the crowds out there were a symbol, became a flower, a delicate, exquisite blossom that came from the hot sun, under had palated into a faded taste of foam.

"Tell me," she pleaded, "What is it they're doing to me?"

The "Old Man," forgetting for the moment the fluctuations in the price of Manchester cotton and the seasonal demand for Highland plaids, pictured her as a rhododendron suddenly bewitched by a beam of sunlight breaking through a mist.

And then Joanna looked up at him. Doubts and confusion had gone from her face. It was lit with the taunting smile of one who had solved a riddle.

"Somebody needs a doctor! Who's crazy, you or I?"

Graydon shook his head. "It's all very real indeed! You came in to me a while ago, a little lady of very small estate. When you go out again, you will be a veritable prince in a kingdom of money!"

Joanna sprang back in her chair, she brushed her forehead with the back of a hand.

"Please, Mr. Graydon," she pleaded, "Don't make a fool of me."

The earnestness, the seriousness of the man who confronted her puzzled her, and sent her floundering for other words. He pointed to the paper; she still held in her hand.

"Read it aloud," he said. "Perhaps the sound of it will help you."

After she had murmured her perfunctory consent, "It says its drum."

"And it says," she began, "We have the good fortune to notify you that there has been placed on deposit with

this institution, to your credit, the sum of One Million Dollars, in cash and securities, subject to your personal check and such other disposition as you may wish to make of these funds.

"We beg to say here, that this deposit has been made by a patron of this institution, who has not condescended to be the possessor of your funds, but the motives which have assembled them for you. We have not considered it necessary to inquire into these matters, because of the identity of the depositor, nor as to his reasons for the inclusion of you as not to disclose his identity to you."

The girl flinched, and looked again at Graydon, who was watching her intently. The room still writhed in her brow. Her eyes still groped. "What then," she asked desperately, "I told you—somebody's losses that ought to be in a hospital."

Graydon pointed to the paper shaking in her trembling fingers. She read for him the closing paragraph: "We are sending you, through your employer, your bank book with an entry of your account. We are given to understand that Mr. Graydon will amplify certain remarks included above. We trust."

Her voice dropped off through the perfunctory assurances of advice and assistance. When she raised her eyes Graydon had dropped into his chair, across the table from her. She looked at him blankly.

Graydon chose deliberately, choosing his words as if conscious of his need to penetrate the understanding of the girl, whose mind struggled against a portent that overwhelmed her.

"You may accept each sentence with complete confidence," he said. "The money is there, ready for you. Down stairs, at the curb, my own car is waiting to take you, and your bank book, to the bank. There you will sign your name, just a scratch of the pen, and the rest is done."

He passed, and his fingers again played with the jade paper weight. In that slight pause Joanna—the Joanna whose philosophies were fruits of many wisdoms—thought she saw the thing that, for the time had been driven from her thoughts.

"She was right, after all! It didn't come in the way she expected. A pretty little play, with all its elaborate stage setting. A million dollars! A case of great wealth, and by some little who thought she wouldn't be wise if time. A million dollars; then, the rest!" And then the pompous gift of money recalled as laughably as it had been craftily disguised.

Graydon dropped the letter to the floor and rose. Her lips set in a line that was out of place against his pencilled contours.

"You're getting at it, Mr. Graydon," she exclaimed, "if there's a catch in it. What's the rest?"

The man only shook his head, rather sadly, as if he suffered a little before the spectacle of a girl, fresh and young and lovely, who must ever be in the alert for "the catch in it."

"There are no obligations," he said, still shaping his words slowly. "The stupendous gift in yours without conditions. In that the worst I have to my conditions."

Before this rebuff Joanna again was speechless. Graydon went on: "You may not even ask a question. In return, none will be asked of you. It is possible that you shall never know the name of your benefactor. I know his reasons. I know the motives. I may not reveal them to you. I may only say, and I hope you will have a little trust in me—that you need have no trouble and that there is nothing unpleasant about your mystery."

Joanna went to her chair. "You mean that someone—someone I don't even know—has made me rich and that I don't have to—that he won't ask of me—?" She could not go on. All her reasoning, her wisdom, her safeguards were beaten away as if they were futile things. She heard Graydon say what still maddened her because of the puzzle in it; because it left her hapless.

"You will not be asked to give anything!"

The office door opened. Graydon had touched his buzzer and the secretary entered—the strangely stout man, nervous, unobtrusive, stiff in whom Joanna had first seen utter unattractiveness, but who had caused her the

of a hand.

"Please, Mr. Graydon," she pleaded, "Don't make a fool of me."

The earnestness, the seriousness of the man who confronted her puzzled her, and sent her floundering for other words. He pointed to the paper; she still held in her hand.

"Read it aloud," he said. "Perhaps the sound of it will help you."

After she had murmured her perfunctory consent, "It says its drum."

"And it says," she began, "We have the good fortune to notify you that there has been placed on deposit with

wonder, after a bit, if her own lips were not a little too moist.

On the girl's arm was Joanna's wrap and in her hand was Joanna's hat. It was the same fur wrap Joanna had thought to be in direct risk of the gawp when Graydon summoned her from the silk counter, presumably to her dismissal for some unknown of justice. The hat was the one still unaided.

(To be continued.)

### Was A Mild Winter

Western Canada Experienced Mildest Winter in 48 Years

Western Canada has just passed through the mildest winter that this part of the Dominion has experienced in 48 years, according to records supplied by the meteorological office. Every important point registered much higher average temperatures than normal. At Dawson City the mean temperature was 15 degrees above normal for the three winter months of December, January and February; at Edmonton, 8 degrees above normal; at Calgary, 11 above normal; Moose Jaw, 12 above normal; and at Winnipeg, 8 above normal. Dawson, for the month of January, showed 30 degrees milder than normal.

In Alberta the milder temperatures averaged pretty well over the whole winter. Calgary had only two days of below zero weather. The winter of 1877-78, however, still holds the record and was much milder than last winter.

The seasonal temperatures for December, January and February last at the five representative stations and the normal temperatures follow:

Dawson City, 1 below zero, normal; 1 below, Edmonton, 31 above, normal; 12 above; Calgary, 30 above, normal; 12 above; Moose Jaw, 13 above, normal; 6 above; Winnipeg, 10 above, normal; 2 above.

### BABy'S HEALTH IN THE SPRING

Can Be Best Guarded With Baby's Own Tablets

The spring is a time of anxiety to mothers, for the "little ones" are home. Conditions make it necessary to keep the baby indoors. He is often cooped up, his body is cramped in stuffy rooms and catches colds which rack his whole system. To guard against this, Baby's Own Tablets should be kept in the house and an occasional dose given the baby to keep his system healthy. "Constipation or colic and keep baby healthy. The Tablets are sold in a box of 30 or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

### Still Use Snuff

Figures Show That Quite a Number Of People in Canada Take Pinch of Snuff

Quite a number of people in Canada still take their pinch of snuff. Tobacco factories in Canada in 1924, the last year of record, produced 3947,693 worth of snuff, or 174,558 pounds.

A statement issued by the Dominion bureau of statistics shows that in the same year 2,450,113,000 cigarettes were rolled in Canadian factories. They are valued at \$26,455,988. The output of cigars was 153,875,000 or \$9,749,580 worth.

The output of smoking tobaccos in that year is valued at \$17,044,408, and of chewing tobacco at \$5,568,284.

The total value of the output of Canada's tobacco factories in 1924 is estimated at \$59,059,520, of which \$55,484,296 came from Quebec factories, and \$3,575,224 was Ontario factories. The balance is distributed over the rest of the provinces in very small sums.

The historic Atagayama shrine, Japan, has a stairway 90 feet high with a pitch of about 60 degrees.

Even baldheaded barbers insist on telling hair-raising stories.

Mina's Liniment for dandruff.

### Will Test Speediest Plane

England Claims to Have Fastest Fighter Ever Constructed

An aeroplane, which is claimed to be the fastest fighter yet constructed in England, is shortly to undergo its tests—probably at the hands of Mr. Bert Hinkler.

The "Flying Bullet," as it has been called, has been designed and constructed privately by A. V. Roe. It is fitted with a direct drive Napier Lion engine, and has a speed when carrying the full military load of between 170 and 180 miles an hour.

It has been built in London, but the tests will probably be carried out at a remote flying ground on the southwest coast. So far the air ministry have had no part in the development of this machine, but it is likely, if the preliminary trials are successful, that it will be offered to the ministry.

### Not Controlled by Clocks

Some Countries Have Different Methods to Measure Time

We set our watches an hour ahead to accommodate ourselves to daylight changes, but our movements are still timed by the clock. This reminds us that there are many people who are not so controlled. In Holland canal men measure the distance they travel by the number of pipes they smoke enroute. Peasants in the Rhine provinces frequently measure the time required for boiling an egg by repeating the Lord's Prayer, while the Burmese equivalent for our mile is used to indicate the distance the average man can travel without taking a rest.

### BEAUTIFY IT WITH "DIAMOND DYES"

Just Dip to Tint or Boil to Dye

Each 15-cent package contains directions to simple any woman can tint soft, delicate shades of dye rich, permanent colors in lingerie, silk, ribbons, skirts, waists, dresses, coats, stockings, sweaters, lingerie, coverings, hangings—everything!

Buy Diamond Dyes at your druggist and tell your druggist whether the material you wish to color is wool or silk, or whether it is linen, cotton or mixed goods.

Hunting Seal With Planes  
Aeroplane will be employed soon by the Soviet Government in hunting seals on the Arctic coast. Heretofore schooners have been used, but results were not satisfactory, boats often spending whole weeks without making a "catch."

### Battlefield Memorials

Back from Europe after a two months' trip in connection with battlefield memorials, Col. H. C. Osborne, of the war graves commission, told of progress that has been made on the eight sites allotted to Canada as places where Canadians took an important part in battles in France and Belgium. Work on seven of these will be completed this summer. On the eighth site at Vimy Ridge, excellent progress also is being made.

To have the children sound and healthy is the first care of a mother. They cannot be healthy if troubled with worms. Use Mother Graves' Worm Exterminator.

On receipt of such messages, Easton Drops are instantly mailed per Parcel Post, insured, to the name and residence of patient. By this means, lives are saved and innumerable suffering greatly relieved.

### Receive Workers V.C.

Industrial Workers Are Awarded Edward Medal by King

The London Gazette announces that the King has awarded the Edward Medal to Alfred Welding, for jumping into a vat of scalding acid at the works of the High Speed Steel Alloy, Limited, Easton, Leicestershire, in order to the rescue of a youth named Harper, who had fallen into it and was in danger of being immersed; and to George Locke, employed by Messrs. Dorman, Long & Co., Limited, for saving the life of a fellow worker named Dower, who had fallen, striking his head on a girder, while at work on the rebuilding of premises in Oxford Street. W. Locke leaped from one girder to another and held Dower until help arrived.

The Edward Medal is awarded for saving or attempting to save life in connection with industrial undertakings.

Externally or internally, it is Good.

When applied, externally by brisk rubbing, Dr. Thomas' Electric Oil opens the pores and penetrates the tissue, touching the seat of the trouble and immediately affording relief. Administered internally, it will still the irritation in the throat which induces coughing and will relieve affections of the bronchial tubes and respiratory organs. Try it and be convinced.

Do you know the blessing of rolling all your cares on God? He can bind up the broken-hearted, and comfort all who mourn. He is ever near, calling us to a common work, and by meekness and lowliness of heart bind rest and peace.—Maria Harris.

He stands very insecurely who does not cast all his cares upon Thee.—Thomas A. Kempis.

THE ALBERTA LEGISLATURE  
DISCUSS THE SMITH CASE

(By John MacKenzie)

What is expected to be the second last week of the present session of the Alberta legislature saw a varied list of business pass through the legislative mill. Nearly all proposed new bills are at the formal third reading stage, and most of the estimates. The contentious matters left over at the end of the week are the railway situation and the redistribution committee's report, which will be dealt with at the conclusion of the other business.

The presentation of the attorney general's estimates gave the premier the opportunity of expanding the government's action with regard to \$5280 paid by the former government for printing which was never done, and which resulted in the establishment of a Royal Commission, a criminal trial, ending in an acquittal for George P. Smith, former minister of education, and the institution of a civil action, not yet before the courts.

He also answered a question by R. C. Marshall, Calgary Liberal member, regarding an item of \$1019, paid to Esdale in September, 1921. The premier stated that investigation showed that the charge was for standing type, and had been certified to be fair and reasonable by the investigators. However, Esdale had put this money to his own use, instead of crediting it to his company. This was, however, a matter between company and servant, and not for the government.

On the charges being made against Geo. P. Smith, former minister of education, J. W. Jeffery, King's printer, and M. Esdale, of the Esdale Press, just before the last federal election, the province requested Justice Walsh to institute a Royal Commission, and in order to avoid any charge that it was of a political nature, asked Judge Walsh to select counsel, which he did, appointing A. L. Smith, K.C., Calgary, as counsel of the case for the Crown was entirely in the hands of Mr. Smith, as was also the criminal trial.

Mr. Smith, in a letter read by the premier, took the full responsibility for the conduct of the Crown's case. Reasons for not proceeding against Jeffery and Esdale was that there was not evidence enough to justify their conviction. Mr. Smith regarded them as pawns in the game. It was necessary, also, to dispose of Jeffery and Esdale before proceeding with the case against Geo. P. Smith, as their evidence was necessary, but no hope of immunity was held before them. The evidence in a case of conspiracy was the same as in one of theft. The method employed in this case was in accord with the best legal precedents. What Mr. A. L. Smith regarded as of the most grave public importance was the relations between a minister of the Crown and the Camrose Press. There was no evidence that either Jeffery or Esdale had received any of the \$5280, while there was evidence that Geo. P. Smith had. He welcomed the opportunity of repudiating the campaign of slander and calumny against the government.

A. L. Giroux, Liberal, Grouard, absolved the government from any motive in the matter, but contended that A. L. Smith had made an error of judgment in not bringing the three men involved before the courts.

The assembly, by a nonparty vote of 43 to 3, decided against a resolution proposed by Mrs. Nellie McClung, that a plebiscite should be held at the time of the general election on

the question of the continuance of the beer parlors. Her contention was that the public had never voted in favor of beer parlors, which were the same as the old bars, and that the cost of the plebiscite at the time of the election would be slight.

Both the premier and leader of the opposition, opposing the request, deprecated the bringing of a matter such as the liquor business into a general election. There would be sufficient issues without that. The prohibitionists could take advantage of the Direct Legislation Act at any time they wished a plebiscite. The liquor business had so far been kept out of politics, and should continue to be kept out. The government had made the same answer to a largely signed petition in favor of hotels selling beer for consumption off the premises, as they had to the prohibitionists, that no change would be made in the act this year. Enough time had not elapsed to show whether the present system was good or not. There was no evidence of a crystallization of public feeling in regard to this matter. The promotion of temperance would be solved by education, not legislation, said the premier.

A bill enabling the department of education to print and publish school books, and to dispose of them to pupils and others, giving them authority to spend up to \$150,000 for this purpose, passed the committee stage without discussion. It is estimated that this bill means a considerable saving in the cost of school books. Fred White, Labor member, estimating it at 65 per cent.

Amendments to the School Grants Act, giving increased grants to poorer school districts, and smaller grants to wealthier districts, was also passed without discussion. The bill provides for a grant per teacher per day of \$2.50 for school districts with an assessment valuation of \$10,000 or less, the scale decreasing gradually until a school district with a valuation of \$75,000 and over the grant is 20 cents per teacher per day.

The new Factories Act was amended in committee, the clause providing that after January 1, 1927, the lieutenant governor might put into effect an eight-hour day in certain industries being eliminated and a clause substituted providing for a commission of use to investigate the practicability of an eight-hour day in certain industries next session of the legislature.

A bill regulating the drilling of oil wells, and similar matters connected with oil development, passed its second reading.

DURING THE session of the estimates of the department of education, attorney general, and other departments were approved without alteration.

Question arose as to the cost of the police force. The premier states that an arrangement for a uniform police force throughout the province would cut the cost of policing by forty per cent, but though the proposal had been made to the Dominion government, they would not agree to it.

## TIMES HAVE CHANGED

In olden times, when a husband meant her one and only chance at a meal ticket, a wife had to endure any treatment that her husband accorded her, no matter how mean and cruel and brutal he was to her. But nowadays, when any able bodied lady can get out and earn her own bread and butter, and perhaps as much cake as her husband gives her, wives won't stand for being beaten and abused.

—Ex.

## Playing Safe.

"Rastus, how is it you have given up going to church?" asked Pastor Brown.

"Well, sah," replied Rastus, "it's dis way. I likes to take an active part, an' I used to pass do collection basket, but dey's give de job to Bro-thah Green, who jest returned from Orash Tah-ah."

"In recognition of his heroic service, I suppose?"

"No, sah, I reckon he got dat job in recognition of his having lost one of his hands."

## CHRISTOPHERS

## REPLIES TO KERR

Edmonton, Alberta,  
March 31st, 1925.

Editor, Blairmore Enterprise,  
Blairmore, Alberta.  
Dear Sir: Your issue of the 25th instant contains a communication from John Kerr, of Pasburg, in which he asks for certain information regarding the road contracts on Main Highway between Durbin and Bellevue.

Mr. Kerr asks "when the contract work for grading the highway was completed, and whether or not the engineers have completed estimates of the amount of work done; if so, the date the estimates were received by the Department of Public Works, and whether or not the contractor has been paid in full for the work, and if so on what date was payment made?"

The work was completed on December 15th, 1925. The final estimates were received and passed by the Department on March 25th, and final payment made on March 26th, instant.

If Mr. Kerr desires any further information along these lines I shall be only too glad to furnish him with it.

Mr. Kerr has included a clipping from the Lethbridge Herald, dated August 31st, 1925, which purports to give an account of a meeting held in Medicine Hat on August 25th, 1925. My answer to this will be the words of a famous countryman of Mr. Kerr's. I refer to J. Ramsay MacDonald, who in discussing the "kept press" has this to say: "For there is no more melancholy spectacle today than the Party press, with its misrepresentation, its suppressions, and its tongue in its cheek—unless it is the spectacle of those who read it and believe it."

Thanking you, Mr. Editor, I remain,

Yours very truly,

P. M. CHRISTOPHERS.

## THE COUNTRY EDITOR

A country editor as a rule is a fairly busy "critter." Having to collect accounts, gather news, procure new subscribers, solicit advertising, collect accounts, estimate on job work, receive callers, listen to complaints, hear and give criticisms, collect accounts, write up copy, attend meetings, collect accounts, answer the telephone, write a letters, wait on customers, collect accounts, set type, run the press (in a pinch), see that the paper is issued on time, and then sit up half the night figuring how he can meet his rent and pay roll, and still have a little left to pay the instalment on his new Linotype, he may well be excused if he occasionally overlooks the mechanical appearance of his paper.—From Canadian.

## FAMOUS C.P.R. HOTEL

## VICTIM OF FLAMES

CALGARY, April 7.—The north wing of the Banff Springs hotel was destroyed by fire this morning and the rest of the big structure was threatened. Flames broke out in the rotunda about 11 o'clock and in a few minutes practically the whole wing was ablaze. At 2 p.m. the fire was under control.

The amount of damage has not been estimated, but the entire structure was valued at five million dollars.

## Mistaken Call

The firemen rushed out the hose reels a few nights ago when they heard what appeared to be the fire bell. It was later discovered that the alarm came from a young lady's bell garters.

## A Way to Save It

"You're lookin' bad, Willie."

"Aye, I've been in the hospital an' the doctors have taken awa' me appendix."

"These doctors'll tak' anything. It's a peety ye didna have it in yer wife's name."

## HEALTH CONDITIONS

## IN ALBERTA

The report of the public health department for Alberta for 1925 shows a considerable decrease in infectious diseases over the year 1924. The vaccinations during the year totalled 2100, and 1000 children in the outlying districts were immunized from diphtheria.

The report of the public welfare nurses showed that 91 schools were inspected by these nurses, with a total of 3801 inspections of all kinds. The nurses paid 281 home visits, held 15 child welfare clinics and gave 70 schoolroom talks in the rural districts. Two visiting nurses paid 279 calls and gave 119 treatments. The travelling child welfare clinic held 32 clinics, at which there were present 912 babies and young children.

The Edmonton public clinic had an attendance of 3851 during the year, and the nurses attached to the clinic paid 4993 visits. The infant death rate in Edmonton is lower than it has ever been. The Calgary clinic had an attendance of 6312, and the Medicine Hat clinic an attendance of 1810, with 464 attending subsidiary clinics in connection with the Medicine Hat clinic.

The infant death rate in the province is now 54.3 per 1000 births, compared with a death rate of 171 in 1918.

There are now eight district nurses working in the pioneer districts of the province. These nurses during 1925 had 1276 calls and 1164 consultations, with 865 treatments and 56 obstetrical cases.

The municipal hospitals are now 15 in number, including two new districts established last year. These 15 hospitals which serve the rural districts on municipal taxation basis served 31,766 patients in 1925, including 4336 maternity cases. All the municipal hospital districts are in sound financial condition.

Under the social hygiene branch of the public health department a total of 1474 patients were treated at the clinics established in Edmonton, Calgary, Medicine Hat and Lethbridge. Inspections were also made on prisoners in both provincial jails.

The vital statistics report shows a total of 14,170 births, which is 19 less than the previous year, 4251 marriages, an increase of 101; 4291 deaths, an increase of 208. The number of divorces made absolute during the year was 101 compared with 119 in 1924.

At the central sanatorium at Calgary there were 147 patients at the end of last year, including soldier patients. This sanatorium is for the treatment of tuberculosis. At the Ponoka asylum there were 864 patients at the end of last year, of which 591 were males, 363 females, including 50 which were transferred to another institution. The total shows an increase of 156 over the previous year. The admissions to the asylum during the year were 207, and the discharges number 104, of which 88 were shown as recovered and 56 improved. A total of 139 cases were put out on probation during the year and only 8 of these returned. The total recovery rate of patients in the asylum is 93 per cent for males and 34.60 per cent for females. Of the patients admitted last year 30 per cent were born in Canada, 29 per cent in the British Isles, and 19 per cent in the United States, making a total of 77 per cent from these three sources alone.

At the training school for mental defectives at Red Deer there were 183 patients registered.

Barber—"Your head is in need of a shampoo, sir."

Tailor (fit the chair)—"Yes, and your clothes are decidedly shabby, but I don't nag about it."

A maiden fair in a dairy cloak,  
Went out to milk the family goat.

She patted, cooed and said, "Nanny, be still!"

The animal said, "I ain't Nanny, I'm Will."

The Modern Girl  
A yard of silk, a yard of lace,  
A wisp of tulle to flow it grace;  
A flower placed where flowers grow,  
The skirt knee high, the backwaist low,  
One shoulder strap, no sign of sleeve—  
If she should cough, good morning  
Eve.

A western lawyer entered a condemned client's cell. "Well," he said, cheerfully, "good news at last."  
"A reprieve?" exclaimed the prisoner, eagerly.

"No, but your uncle has died, leaving you \$5,000, and you can go to your fate with the satisfying feeling that the noble efforts of your lawyer will not go unrewarded."

## ALBERTA SCHOOL ATTENDANCE

The report of the education department of the Alberta government for 1925 shows that the total attendance in the public and elementary and secondary schools was 1,177,790. Of this total 50,397 were in 66 city and town districts, 26,082 were in rooms of other graded schools, 6502 were in 10 separate school districts, 6545 were in 67 consolidated schools, 608 were in 66 rural schools and 68,176 were in 2787 ungraded schools.

The total attendance quoted above shows an increase of 223 over the previous year. The report emphasizes that there has been an increased attendance in the secondary grades, and that the attendance in all schools was 19 per cent. better than the previous year. A total of 3840 pupils left school at the age of 15 years, mostly in grades 7, 8 and 9.

The average attendance of pupils in ungraded schools for the year was 120 days and the average attendance for the year in graded schools was 151.86 days. A total of 19,313 pupils wrote on departmental examinations, which is an increase of 3066 over 1924, and is twenty-five times greater than the number which wrote on the same examinations in 1906. The total number of teachers in public and separate schools in the province is 4864 and there are 3083 school districts. The attendance at private schools in the province totalled 2104.

The percentage of total enrolment which attend the high schools was 9.95 per cent, compared with only 6.24 per cent in 1924.

The attendance at the Calgary normal school last year was 453, an increase of 96 over 1924, and the attendance at Camrose normal school was 304, an increase of 57. The output of teachers is now equal to the demand in the province. In 1926, 14 per cent of the teachers were teaching on provisional certificates only. Last year less than one per cent of teachers held provisional certificates. The report points out the notable increase in education in rural districts.

We have known parties who would sue us for twenty thousand dollars damages if we published anything that hurt their feelings; but the same parties would never dream of paying us that amount if we said anything that benefited them just as much.

## COWLEY HAPPENINGS

Mrs. Colvin and children, of Calgary, are visiting relatives and friends here.

Miss Hilda Hannan, who is studying piano in Calgary, is home for a two-weeks' holiday.

Ralph Hamlet, of the Royal Bank staff here, has been moved to the branch at Bellevue.

Mr. and Mrs. Archie Swart and children are spending the Easter holidays with friends in Lethbridge.

The earth is still blanketed with snow here, with the thermometer hanging around zero some of the time.

Miss Doris Elton, who has been attending normal school at Calgary, returned home to spend the Easter holidays.

Mr. McDonald, principal of the local school, is spending a few days in Calgary and incidentally attending the teachers' convention.

Cowley was well represented at the Crows' Nest Pass Sunday School Musical Festival, which took place at Blairmore on April 5th and 6th.

The ladies' Aid met at the home of Mrs. H. C. Morrison on Thursday afternoon. Much interest was shown at this meeting in making preparations for the bazaar, which will be held early in the fall.

A good crowd turned out to the whist drive on Wednesday night. The prizes were won as follows: Ladies' first, Mrs. Doyle; second, Mrs. Swart; Gent's first, Ed. Grove; second, John Musgrave. The bobbies were awarded to Miss Porter and James Gerry. Miss Crowe, Miss Delorier and Mrs. Colla Buchanan were on the committee for refreshments.

The Easter service in the United church here on Sunday afternoon was well attended. Rev. Mr. Griffith delivered an able and impressive sermon on the death and resurrection of our Saviour. Several extra musical numbers were rendered in a very pleasing style, the children taking a beautiful part in the music, both vocal and instrumental. The Lord's Supper was administered at the close of the service.

Frank Cell, the Creston fruit king, is in the district this week.

The fellow who boasts that he'll try anything once, never tried one of those nickel cigars they sell at two for a quarter.

Man is somewhat like a sausage—Very smooth upon the skin; But you can't tell just exactly How much pig there is within.

Woolen underwear may keep a woman warm, but it's not as likely to keep her husband's attention as high temperature as are silk petticoats.

The old fashioned talkative barber, an exchange remarks, is in danger of losing the most interesting part of his occupation, since women have begun to use the chair.

There is no such thing as "public" money, says an exchange. Money is private and in order to spend it, the government must first reach into the taxpayer's pocket to get it.

The final figures for the revenue from game and fur taken in the province during 1925, made available through the office of the game commissioner of the Alberta department of agriculture, show that the total revenue was about \$2,600,000, instead of \$1,500,000 as first estimated.

A Crows' Nest Pass barber, who fills in all his spare time talking to himself, made a break the other day while starting in to administer a massage and shampoo to a customer. He said loudly to himself: "Here's another sucker!" The customer is still going weak.

The Joy of Easter. The teacher in Sunday school had impressed upon his pupils the lesson of Palm Sunday, and was drawing a contrast between the triumphant entry into Jerusalem, with the Hosannas of the multitude, and the events of the following Friday. "And what was the cry of the people on Good Friday?" asked the instructor. "Hot Cross Buns," was the prompt reply.

A company of local Scotchmen has been formed, with a capitalization of twenty-five dollars, for the purpose of buying and selling tin bottle caps. We understand that these are now worth one dollar and a half a ton to the junk dealers. There are something like seventeen million caps to a ton, and something like eight and a half million bottle caps and soft drinks are consumed in Alberta in a year, so that the business may be a lucrative one.

A divinity professor was to preside at the baptism of the last arrived infant in the already crowded home of the minister of the parish. The professor gave out for congregational singing one of the paraphrases often used on such occasions in Scotland: "Let us," he said, "sing from the second verse, 'As sparks in close succession rise'."

To his consternation he observed that the congregation seemed unable to repress a tendency to giggle. Afterward, asking the minister's man what had been wrong, the reply was: "You see, sir, the minister's name is Sparks and yonder is his tenth bairn!"

## ENGLISH AS SHE IS ROTTEN

Here's a literal transcription of a trade dodger—"heralds" they call 'em on the China coast—that one of the Emperors of Canada boys has brought over as a curiosity of pigeon English, from Tientsin:

## NOTICE

For Great Sheep One Month GENTLEMEN'S AND LADIES' Is your suit cleaning or Nice color? If Not!! Please go to the PULIN Co. at No. 33 Council Road, British Columbia, Tientsin. Can make you satisfactory.

Quick! Quick! The PULIN Co. Is the more cheaper than others, being She is Now developing from the Head Office Shanghai.

## WAR AND PEACE FILM

"Reveille," the latest of the better British films to be brought to Canada, and in which the favorite Betty Balfour is being starred, is a drama with the great world war as its foundation, but the plot is more concerned with the after-effects of the war than with the actual fighting.

Such brief battle scenes as are shown are vividly realistic; but it is life on leave, hectic, almost hysterical days, and the wild carnival of Armistice night, which compose the first part of the story.

The second part of the drama shows the difficulty in obtaining employment for so many of those who fought. It is a very finely conceived story that is human without any excess sentiment.

The cast is an exceptionally strong one. Besides Betty Balfour, there is a long list of favorite screen actors. "Reveille" will be shown at the Orpheum theatre, at regular prices, on Saturday next, matinee and night.

Drumheller will raise funds for a big swimming pool.

New Brunswick cleared \$329,114 on its liquor sales last year.

Gerald Chapman, master bandit, was hanged at Wethersfield prison, Connecticut, on April 6th.

A lodge of the Native Sons of Canada, was recently organized at Lethbridge, and has a large membership.

People are complaining that the reading of advertisements in Calgary papers causes oil to flow from their eyes.

The convention of Women's Institutes of Alberta will be held in the Fuller hotel, Calgary, on May 26, 27 and 28.

A Blairmore man was blown to atoms a few days ago when he ventured near a red-hot stove with a handful of oil stock certificates.

Premier Mussolini, of Italy, was shot at by a tiled brick lady on Wednesday morning as a crowd were cheering the Fascist premier, as he left the congress of surgeons at Rome. The wound was only slight.

P. A. (Baldy) Robb, under sentence of five years in prison at Prince Albert for election frauds, has been granted freedom on bail amounting to \$40,000, pending hearing of his appeal before the appellate division.

An exchange remarks 4076 people died last year of gas. Thirty-nine inhaled it, four thousand stepped on it, thirty-seven put a lighted match to it. Some of them are wearing crowns and playing harps now. The whereabouts of the others are uncertain.

The progress of education depends mostly on the ability of the teacher. Given a capable teacher, then programs, curriculums and such like are matters of comparative indifference. Without a capable teacher, the most perfect program or curriculum, or the most complete methods are of little concern.—Calgary Albertan.

We have received from the agriculture agent of the C.P.R., a pamphlet containing a list of cups and medals to be awarded to the boys' and girls' swine clubs along the C.P.R. lines in Manitoba, Saskatchewan and Alberta; also rules and regulations governing the various contests. These trophies are provided co-operatively by the Provincial and Dominion governments.

## A Matter of National Concern

Canada unquestionably derives many advantages from its close proximity to the United States with its large population, marvellous industries, and great wealth. Many of these advantages are so self-evident that it would be a waste of time to enumerate them. But, for the other hand, it is equally true that Canada suffers as a result of the very close and intimate relations which exist between the Dominion and its big neighbor to the south. These advantages and disadvantages are very largely confined to the realm of economies.

The subject is so large that it could be written on it, pro and con. Among the many phases in angles of the complex questions involved in this very large problem, there is one which is now the matter of considerable discussion in Canada, because while it is economic in its origin, it contains within itself possibilities affecting the whole social, industrial and political life of this country.

In a sparsely settled, largely undeveloped country like Canada, where people spread thinly over half a continent and with some sections having little in common, except sentimentality, with other sections, there is a natural lack of community of interest, and resultant national spirit and consciousness, which animates smaller and more thickly populated countries. There is a difficulty in the far eastern and far western Provinces knowing and understanding each other, while these far-flung sections are not even in very close touch and sympathy with the central Provinces, which latter are more or less self-satisfied and self-contained and lack understanding of both the east and west.

Halifax and St. John are closer to Boston and New York than they are to Montreal or Toronto; Montreal and Toronto are closer to New York, Philadelphia and Chicago than they are to Winnipeg; Winnipeg is closer to Chicago and Minneapolis than to Vancouver or Victoria; Vancouver is closer to Seattle, Portland and San Francisco than to Canadian centers. Such is the geographical position which nothing can overcome.

One of the most effective means whereby Canadians could be made to know and understand each other better, and brought closer together, is through the medium of national publications, weekly and monthly magazines and periodicals. Valiant efforts have been put forth by public-spirited men and women to provide such media, but with indifferent success, considering there are nine million people in Canada. The reason for failure is not far to seek.

With a population twelve times that of Canada, United States publishers can develop enormously large circulations for their magazines. As a result, they can command fabulous prices for advertising space, and hence wealthy national manufacturers. With enormous revenues under their control, these publishers can command the services of the world's best writers, artists and illustrators. The result is they can turn out the most attractive magazines, and of a class and at a price which Canadian publishers in their more limited field cannot begin to approach. And, as Canadians desire the very best obtainable in magazines, as in everything else, these United States publications have larger circulation in Canada than our own Canadian publications.

What will be the ultimate effect of this flooding of Canadian homes with United States publications? This is a question causing much concern not only to many Canadians but to thoughtful students of affairs throughout the Empire and in other countries. Canadians are being constantly supplied with the narrow United States viewpoint on all international questions, which these magazines present as seen through Uncle Sam's spectacles, and as they affect the big republic, Canada is a member and loyal supporter of the League of Nations, yet our people are supplied daily, weekly, monthly, with open and veiled criticism and denunciations of the League. The United States viewpoint is urged as the only right one, and all others wrong. We are fed up with the open disregard for law which prevails throughout the United States; we have heeded up to the practical breakdown of the marriage tie and decent domestic relations which characterizes the social life of the United States today; we are inundated with stories of the coming bankruptcy of Great Britain and the breaking up of the British Empire; and so on ad nauseam.

What will be the effect on the social life and political institutions of Canada if this keeps up for another generation or two? Is there any remedy that can be applied?

Canadian publishers believe that at least a partial remedy is possible, but that it must be applied in an economic way; that is, the remedy is not to be found in the arbitrary exclusion of United States magazines, but in providing a means whereby Canadian publishers will be given a reasonable chance to compete successfully with them through the production of a new periodical more or less on a par from the standpoint of literary and artistic production with those from across the line.

As the subject is one which concerns all Canadians, it is proposed to examine further into the subject in a subsequent article.

### Immigration Rush Begins

The week of March 15 saw the real opening of the spring rush of immigrants to Western Canada, when the Canadian National Railway transported during the week approximately 1,600 new citizens from the seaboard to Winnipeg by special and regular trains and those to their final destinations on prairie farms and in British Columbia.

Mrs. Jones—And how many, evenings will you expect off each week? Mr. Jones—None at all. I'm afraid that won't do, ma'am. You see, I'm a debutante this season.

### Demand For Farm Lands

The larger dealers at Winnipeg report an increased demand for farm lands, and half-section transactions with one-third cash as first payment are more numerous this spring than for many years. Some of the buyers are farmers desirous of extending their holdings, but many of them are Old Country people and newcomers from across the line.

A grocer's clerk may not be as heavy as dry goods clerk, but he always weighs more.

Photographers are responsible for many of life's misrepresentations.

# Children Cry for Fletcher's CASTORIA

MOTHER—Fletcher's Castoria is a pleasant, harmless substitute for Castor Oil, Paregoric, Teething Drops and Soothing Syrups, especially prepared for Infants in arms and Children all ages.

To avoid imitations, always look for the signature of Dr. J. C. Fletcher. Proven directions on each package. Physicians everywhere recommend it.

## Dominion Revenue Increasing

Figures Show Considerable Gain Over Preceding Year. Ordinary revenue of the Dominion increased by nearly twenty-nine millions during the eleven months ended February 28, 1925, as compared with the previous eleven-month period. The monthly statement issued by the department of finance shows total ordinary revenue for the eleven months of \$237,585,449, as compared with \$208,341,507 for the previous corresponding period. Ordinary expenditures for about the same as a year ago. On February 28 last it totalled \$216,629,417.

## Joint Soreness Subdued, Swellings Quickly Reduced

Wonderful Results From Rubbing the Sore Parts With NERVILINE

"My testimony should convince any one that 'Nerviline' is a splendid preparation for use on swollen joints. Rheumatism left me badly crippled," writes Anna F. Fleury, from Kingston, Ont. to McKel's Drug Store and they recommended Nerviline, which restored me completely."

For Rheumatic pains, Lumbago, Sciatica, you will get lasting satisfaction from a 50c bottle of Nerviline. Sold everywhere.

## Decrease in Railway Accidents

Number of Fatalities Through Accidents is Also Less

A considerable decrease in the number of railway accidents and in the number of fatalities is shown in the annual of the Dominion railway board for the calendar year, 1924. During these 12 months there were 2,215 accidents on Canadian railways, in which 272 persons were killed and 2,556 persons injured, as compared with 2,833 accidents in the previous year when 315 persons were killed and 3,254 persons injured. Classifying these casualties, there were six killed in 1925 as against 17 in 1924; 76 employees killed, as against 107; and 150 others killed, as against 194. Crossings protected by signals were accounted for 76 killed in 1925 and unprotected crossings took a toll of 234 killed and 1,161 injured.

During 1925 there were 389 fires originating within 500 feet of the railway tracks, and these fires burned over 5,430 acres, destroying forest property valued at \$219,398 and other property valued at \$77,629. There were 36 public buildings of the board last year.

## Poland's New Sea-Port

Gdynia Will Be Strictly Up-to-Date in Three Years

On good recent maps, writes a correspondent of the London Spectator, the name Gdynia will be seen, a few miles north-west of the Free City of Danzig but still within the frontage on the Baltic given to Poland by the Treaty of Versailles. It is a tiny fishing hamlet of about 200 souls, no Germans but Slavs—Poles of the Casbians. The Poles called it Gdynia and in July 1924 contracts for the construction of a new port there were made with a powerful Franco-Polish group. By 1929 Gdynia will be a port of the most up-to-date type with an enormous basins, capacity of two and a half million tons, equal to the present capacity of Danzig. It is backed by a level plain on which a town of 3,000 people has already sprung up. The correspondent asked what about Danzig? Gdynia succeeded and the Poles replied "It will not be long before you shall be able to make full use of both Danzig and Gdynia."

A Household Medicine—They that are acquainted with the sterling properties of Dr. Thomas' Electric Oil in the treatment of many ailments would not be without it in the house. It is truly a household medicine and as it is effective in dealing with many ordinary complaints it is an inexpensive medicine. So keep it at hand as the call for it may come most unexpectedly.

## Vodka in Russia

Demand For National Drink is Increasing According to Government Report

Russia is developing an insatiable thirst for vodka.

Although the government within the last six years has more than doubled its output of vodka, it has been unable to meet the demand for the national drink. According to figures announced, the government will produce 500,000,000 quarts of vodka during the coming year, which will yield the state about \$250,000,000 in revenue, or ten per cent. of the entire budget.

It's a good thing for humanity that some people are not as big as you. I think they are—the world would be overcrowded.

## A Remarkable Operation

Vienna Surgeon Saves Woman's Life By Sitching Wound in Heart. It was announced that Dr. Nathan, a young house surgeon in the Elisabeth clinic here, has saved the life of a woman of 25 by sitching two wounds in her heart after she had been stabbed by a drunkard.

Through the prompt action of the police Dr. Nathan was able to operate on her 20 minutes after the crime. He sawed through three ribs, exposed the heart, located the injuries and made the necessary stitches.

Blood was afterwards transfused and during the following days there were several injections of chloride of sodium (common salt) into her veins. She is now quite healthy and has been brought by Dr. Nathan before the medical association.

## NEW BLOOD NEEDED IN THE SPRING TIME

Try Dr. Williams' Pink Pills As a Blood Improving, Health-Restoring Tonic

Every young man and child needs new, rich, red blood at this time of the year. That is a scientific fact. All doctors know it. The blood grows thin and poor in the winter; there is not enough of it, and spring shows the weakness. Take notice and see how many people are pale and sallow at this time of the year. They complain of being easily tired, their appetite is poor, and they are often depressed and low-spirited. That is Mother Nature urging them to improve their blood supply. But if their digestion is weakened so that they cannot turn food into blood without help. Here is where modern medical science comes to the rescue. Dr. Williams' Pink Pills have a direct action on the blood-making elements in your meals. You soon feel their effect—your appetite improves, your nerves are steadier, color returns to the cheeks and lips, you have more energy and can work with less fatigue.

The value of Dr. Williams' Pink Pills to all who are in what is known to the public as a run-down condition of health is proved by the experience of Mrs. Alice McKenna, Schenectady, Ont. who says—"I was in a completely run-down condition. Nervousness, loss of sleep, loss of vitality were all taking their toll. I felt miserable all the time and began to feel that my case was hopeless, as I had taken a number of remedies with little or no relief. I had often read of Dr. Williams' Pink Pills, and finally decided to try them. I got a half dozen boxes, and by the time I had taken about half the box, I was no doubt I had at last found the medicine I needed to restore my health. I continued the use of the pills, gaining strength day by day, until I was soon enjoying good health and happiness. I strongly recommend Dr. Williams' Pink Pills to every man, woman, or child who is in a run-down condition. These pills will not only restore them to health and strength."

Canadian Coal For Canada. Canadians are now vision and dream dreams of a good-time coming when the \$40,000,000 that go out of Canada for the purchase of coal in the state of Pennsylvania shall be kept in Canada. Canada's anthracite coal bill could be divided—\$20,000,000 for Nova Scotia coke and \$20,000,000 for Alberta coal—Kingston British Whig.

Makes Breathing Easy. The constant use of the quack nostrils and the struggle for breath, too familiar evidence of asthmatic trouble, cannot be cured by Dr. D. K. Kasse's Asthma Cure. This is the famous remedy which is known far and wide for its quick effectiveness under very severe conditions. It is a unique, experimental preparation, but one with many years of successful use behind it. Buy it from your nearest dealer.

The British Empire. The British Empire includes over one-fourth of the land area of the earth, and about one-fourth of the world's population. That is to say, it contains about 468,000,000 people. Of these 58,778,500 are of British stock.

By a high vacuum process, invented by a Swedish engineer, fresh cut lumber is now "seasoned" in a day or less, sufficiently for the carpenter's bench.

If justice were really blind she would not be able to wink at her favorites.

Holloway's Corn Remover takes the corn out by the roots. Try it and prove it.

Minard's Liniment for sore throat

## Worried Over Baggage Decrease

Light Luggage Causes Slump in Revenue For European Railroads

European express and railway companies are clamoring for an increase in rates to make up the deficit caused by the lightness of the luggage of foreign travelers. Men used to be called the "suit case men," but women have gone them one better. They are now the "hatbox men."

Sartoria trunks, which used to be a gold mine for express companies and European railway lines, are no more. Milady's wardrobe has become so slight that she can put her entire winter and summer outfit into a hatbox, which she carries in her compartment with her.

Most express lines have a sixty-pound limit on baggage, which may be checked free. Consequently transportation lines are almost as hard hit as cloth manufacturers and dyers by the brevity of skirts and lack of lingerie.

## Forbidden Newspapers

Frenchmen and Italians Bootlegging Hostile Publications Across Border Into Italy

It is rumored that in North America their counterparts in bands of Frenchmen and Italians who carry into Italy copies of anti-Fascist newspapers printed abroad and forbidden entrance into Italy. The Corriere della Sera, published in Turin, is notable among the "bootleg" journals.

Many thousands of these newspapers are being taken into Italy and circulated, despite the general decree against them. In addition to the fact that across the border, many of the clandestine papers are sent into Italy in sealed wrappers, frequently bearing misleading senders' addresses.

## Stomach Troubles

Numerous Causes Responsible For Serious and Often Fatal Disturbances

People know it is true the majority of them know that errors in their diet result in personally unpleasant consequences, comparatively few are aware of the danger of numerous other causes are responsible for serious and often fatal disturbance of the organs of digestion. An induly taxed brain or body frequently creates more serious internal damage than will be traced to the stomach. But by the cause of origin what it may, ninety per centum of the milder of civilization are the direct result of disorganization of the functions of digestion. Costly and painful experience has demonstrated that drugs generally administered in treating stomach troubles produce only a temporary relief, and never have proved equal to satisfying the long-felt want of not only relieving pain, but also fully restoring the balance of the stomach. It is to be hoped that a sufficiency of such medicaments can be secured to adequately relieve gastric suffering. Information concerning these tropical medicines can be obtained by applying to the McEwens, 1451 Yonge St., Toronto 5, Canada.

## Through Service For Steamship Passengers

Canadian Pacific Railway, Incorporated Through Tourist Sleeping Car Service

For the convenience of western passengers enroute to the Old Country, the Canadian Pacific Railway has inaugurated a new tourist sleeping car service from Winnipeg to Saint John, N.B.

These cars will leave Winnipeg on "The Imperial" at 10:00 a.m. every Tuesday, Friday, and Sunday, and through service to the ship's side at Saint John.

This service will prove extremely popular with passengers from the prairie provinces, eliminating as it does, changing trains at Montreal.

## B.C. Apples

Export shipments of apples by the British Columbia Associated Growers for the past season, included the following: 48 cars to Scandinavian countries, 8 cars to China, 29 cars to Germany, 4 cars to Newfoundland, 18 cars to South Africa, 42 cars to New Zealand, 56 cars to the United States, and 408 cars to Great Britain. In addition, 108 cars were shipped to Ontario and Quebec, which are often considered as export markets.

By a high vacuum process, invented by a Swedish engineer, fresh cut lumber is now "seasoned" in a day or less, sufficiently for the carpenter's bench.

If justice were really blind she would not be able to wink at her favorites.

Holloway's Corn Remover takes the corn out by the roots. Try it and prove it.

Medieval monks who transcribed manuscript were exempt from labor in the field.

## After Every Meal

It doesn't take much to keep you in trim. Nature only asks a little help.

Wrigley's, after every meal, benefits teeth, breath, appetite and digestion.

A Flavor for Every Taste

CBS

## Britain Will Meet Obligations

Payments in 1926 to United States Will Total \$150,000,000

Right Hon. Winston Churchill, chancellor of the exchequer, told a group of members in the House of Commons that Great Britain's net payments to the United States on account of her debt would amount to \$235,000,000 (\$160,000,000), principal and interest, during 1926, assuming sterling at par value. "Against this," he said, Great Britain would receive approximately \$140,000,000 (about \$68,000,000) from German reparations and payments on the allied war debts already funded. Mr. Churchill added that negotiations were proceeding for settlement of the remaining allied war debts.

## Dishonesty Common in Russia

Scores of Guilty Officials Are Sentenced to Imprisonment

Embezzlements amounting to \$5,000,000 occurred in the Soviet co-operative societies during the last year, said the director of the All-Russian Central Union of Co-operative Organizations. More than 12,000 officials connected with these bodies will be tried. Similar irregularities are reported in the trade union organizations. Embezzlement of funds, corruption and frauds generally are alarmingly prevalent. Scores of guilty officials already have been sentenced to long terms of imprisonment.

## What's Wrong With Canada

Here Are Some Facts For the Croakers

Canada has a population of 9,000,000 people, as much foreign trade as the United States had when she had 76,000,000 people, according to recent statistics. In addition, the Dominion is mining as much as the United States did with 38,000,000 people, and manufacturing as much as the United States did with 50,000,000 people. The Canadian per capita export trade, by value, amounts to \$134, while in the United States it is only \$27.

## Early Seeding Operations

Winter records in Alberta went overboard when George Bechtel, farmer, sowed a crop of alfalfa on February 5 last. The first wheat in Alberta was sown near Cardston on February 27th.

First "Uli"—Wouldn't your mother be awfully proud to see you in a "Uli" today? Second "Uli"—I should say she would. It's hers.

## EXPECT H. B. RAILWAY GRANT TO PASS HOUSE

Ottawa.—Parliament concluded the first day of its session and went off for a brief Easter recess. The government's position has steadily been solidified. At the outset when the first vital vote took place its margin was only three. In the meantime it has risen as high as 16 on party divisions while, normally, it can rely upon a majority of about 12.

There has been complete co-operation between the Progressives and Liberals in the legislative programme which has been brought down and there is every indication that all of it will pass the house without much difficulty. How portions will fare in the senate is not so certain. However, the Hudson Bay Railway should be safe because the vote for it is in the estimates and there is no precedent for senatorial interference with such appropriations. The rural credits bill has yet to be introduced but both it and the budget are expected right after Easter. The creation of a tariff board and the personnel will be somewhat different than was at first indicated—presumably, but nevertheless there will be some. The strong stand taken by the Liberal members from the west and Quebec is well in favor of a reduction of duty on motor vehicles, seems very likely to be given effect to by the government, and it is no secret that reductions in taxation will be announced.

## Last Week In The Alberta Legislature

**Move For Establishment of Eight-Hour Day in Industries Is Defeated**

Edmonton.—During the past week the government has made good progress in the disposal of business, and the programme outlined at the beginning of the session is pretty much up to schedule, with the prospect of the session concluding well within the eight weeks estimate made by Premier Broderick at the opening of the assembly.

The sudden conclusion of the budget debate paved the way for discussion of the estimates. Visually of the estimated total being now passed without alteration. In most cases the estimates show light reductions and there has been an apparent effort towards economy.

In the committee stage of the Factories Act, the government moved for the provision for the possible establishment of an eight-hour day in the industries of the province after Jan. 1, 1927. Strenuous objection had been taken to this. The section replacing the one objected to provided for the appointment of a commission to inquire into the practicability of an eight-hour day, the commission to report to the next session of the legislature.

The bill as amended has now passed the committee stage. It provides for a nine-hour day in industry, except where specific exemptions are made to seasonal industries.

Resolutions proposed by Liberals that the supplementary revenue tax and with regard to tax on liquor, were defeated on party divisions, the government stating that it was impossible to forego the revenue derived from these taxes.

A resolution proposed by the Liberal member, Mrs. N. J. McClung, calling for a plebiscite at the forthcoming general election on the question of whether beer halls should be allowed to continue, was overwhelmingly defeated, the vote being 43-18. Liberals and Government united in opposition to the proposal, the only dissent coming from Mrs. McClung, J. Pearson, Independent, and Fred White, Labor. The resolution is the outcome of a request made by the Alberta Prohibition Association.

The legislature has now approved of the bill for the transfer to Alberta of its natural resources and is now awaiting the action of the Dominion Government, which has introduced a similar bill in the Ottawa house.

**Texas Bank Robbed**

San Antonio, Texas.—Staging the first bank robbery San Antonio has known in more than five years, five armed men with shotguns entered the San Antonio National Bank, forced of cash, employees and patrons to kneel, took \$50,000 in currency and escaped.

**Constable Is Acquitted**

Calgary.—Constable Albert McKean, of the Drumheller town police force, was acquitted of a charge of manslaughter by a jury before Mr. Justice Boyle in the criminal section of the Supreme Court. The jury deliberated but three minutes.

## Saskatchewan Egg Pool

Commenced Operations Under Most Favorable Auspices

Regina.—With six candling stations opened at Brandon, Westburn, Regina, Moose Jaw, Saskatoon and Humboldt and 175 receiving stations in various parts of the province, the Saskatchewan Egg and Poultry Pool has commenced operations.

"Delivery of eggs at local receiving points has been heavy," said Ralph Brightly, general manager. Over 2,000 egg crates of the heavy export, lock-top variety, with best grade fillers and daps and excelsior padding top and bottom, have been sent out to the receiving stations. About 6,000 of these will be used for transporting the eggs between local receiving depots and the candling stations.

Explaining the pool method of operation, Mr. Brightly said the producers will send their eggs in lots of three dozens or multiples of three dozens to the local receiving stations. The eggs will then be shipped in bulk to the candling stations and sold direct to buyers after they have been candled and graded. Remittance will be made from head office to producers about twice a month.

It is expected that about 400 receiving stations will be established shortly. At present the egg pool has over 15,000 contracts signed and the sign-up campaign is still proceeding.

## Radio In Lighthouses

Would Aid Police

Member For Vancouver South Makes Suggestion In House of Commons

Ottawa.—Installation of radio receiving and broadcasting sets in Canadian lighthouses to assist in the arrest of criminals is suggested by J. L. Laidner, Conservative, Vancouver South, in a series of questions placed on the order paper of the house.

"Is it the intention of the department of marine and fisheries to equip Canadian lighthouses with radio receiving sets?" Mr. Laidner asks.

"Is the government aware that in the case of the big bank robbery at Nanaimo that the bandits were hiding in their launch close to the Portlier Pass lighthouse, that the lighthouse keeper saw the said bandits' launch and also the police boat passing nearby, and not knowing of the said robbery failed to notify the police boat of the hiding place, and the bandits escaped, thereby involving thousands of dollars of public money in further search throughout Canada and the United States?"

"Is it the intention of the department of marine and fisheries to install in certain of the more exposed lighthouses radio broadcasting equipment of sufficient range to communicate in case of emergency with large centres of population?"

## Trapper Killed By Grizzly

Found By Partner Within Mile Of Their Camp

Prince George, B.C.—Tom Meany, a trapper on the north fork of the McGregor River, 75 miles northwest of here, was killed by a grizzly bear within a mile of his camp, according to information brought here by Jack Yarean, the dead man's partner.

Yarean told the provincial police that Meany left camp to go over some traps and cut up the carcass of a moose previous to his death. He did not return Yarean started to look for him. Within a half hour the body of Meany was found a short distance from the moose carcass, the face and top of the head being torn off. All around were tracks of a grizzly bear. Meany had been dead some time, but his hand still had a firm grip upon his axe. It is surmised he surprised the grizzly while feeding on the moose carcass and was attacked by the animal.

**Keep Liquor From Youths**

Tokio.—A nation-wide movement to prohibit the drinking of alcohol liquors by men under twenty-five years of age has been launched by eleven different bodies in Japan, including the Japan Temperance Union and the Women's Reform Society. Leaders of the movement hope the Diet will enact a bill raising the drinking age, which now is twenty years.

**B.C. Industrial Accidents**

Vancouver, B.C.—During 1925 a total of 27,563 accidents occurred in British Columbia's industrial establishments, with 313 deaths, statistics made public by the Workmen's Compensation Board disclosed. Annual industrial payrolls of the province increased from \$120,000,000 in 1923 to \$160,000,000 in 1925.

**Arab Women Fight**

Jerusalem.—Arab women are reported to have appeared in the ranks of insurgent Syrians, fighting against the French regime.

## Canadian Engineers

Praised By Allenby

Montreal, Que.—Glowing tribute to the fighting qualities of the Canadian Engineers Battalion, the only unit from the Dominion under his command in Palestine, was paid by Field Marshal Lord Allenby, in an address here.

Lord Allenby described this practically unknown chapter of the war in the terse language of the soldier. "A horrible bit of work," as he termed it, was the time when this small body of Canadians, under Col. Linton, undertook to and succeeded in repairing the bridges which had been destroyed by the Turks in their retreat in September, 1918.

The Canadians, "all of them gallant fellows," built the bridges in the face of great difficulties, ninety per cent of them were down with malaria, and the ticklish business of putting up the bridges was across a torrential stream with a fall of 2,500 feet over a distance of only a few miles.

"That," said the Conqueror of Jerusalem and Damascus, "is what the Canadians did in Palestine."

## Convict Ship Sails

The Last Convict Ship Afloat In The Twentieth Century

La Rochelle, France—"La Marlene" the last convict ship afloat in this twentieth century of the civilized world, sailed recently for French Guiana, carrying 340 lifers and long-term sentence men. It was the first shipload of convicts for this South American station in more than two years.

"La Marlene" was painted a weird combination of red, yellow, black and white and seemed to have emerged from the middle ages, until one convict, under stress of emotion, waving goodbye to his sweetheart, collapsed and died, bringing back the grim present.

## WILL INTRODUCE PLAN TO SETTLE U. S. WAR CLAIMS

Washington.—The treasury's plan to pay immediately the \$120,000,000 in claims of United States citizens against Germany on its own account, trusting to a refunding by the collection of German reparations, was put up to Congress for approval in a bill introduced by Representative Mills, Republican, New York.

The programme provides for a full settlement of all war claims between Germany and the United States, including the return of property of German nationals held by the Allen Property Custodian and the payment of German claims of ships, radio stations and patents taken and used by the United States Government.

It authorizes the government to borrow the money necessary to make such payments and provides that all monies received from Germany on account of reparations and the cost of maintaining the United States army on the Rhine shall be applied to a liquidation of this debt. The \$20,000,000 assuming interest from the money on deposit with the Allen Property Custodian prior to 1921 also will be applied.

Miss Chu Chin Chow and the Chow Puppy

Little Miss Chu Chin Chow and the Chow puppy are all well out from watching the wonderful white people on the Canadian Pacific liner Empress of Scotland, which in her tour of the world stopped for a short time at Hong Kong, where this little Chinese beauty made their acquaintance. She is looking

## WOULD LOWER CUSTOMS TARIFF ON AUTOMOBILES

Ottawa.—O. G. Coote, Progressive, Macleod, Alberta, moved in the House of Commons his resolution that there should be a substantial reduction in the customs tariff on automobiles and motor trucks.

Mr. Coote submitted that owing to the lack of transportation in Canada, especially in the west, Canadian farmers should be able to buy many more trucks and automobiles. Besides this, he said, really ought to have more auto vehicles per head of population than the United States, whereas the ratio was lower in Canada. There should be only one reason why it was lower, he said. That was the high price of autos.

In the west, the average distance which a farmer has to haul his products was ten miles. Those who had much farther than this to haul their products before they could be shipped to market, were surely entitled to greater consideration. Mr. Coote estimated that incidents of the customs tariff alone added 35% to the price of every car in Canada. Besides this there was the sales tax. Canadians also paid, on imported cars, United States excise duty of 5 per cent. All of this taxation, Mr. Coote said, imposed an entirely unfair burden of cost on the people who purchased cars. So far as the farmer was concerned, he said, a car was becoming a necessity and should not be taxed as if it were a luxury.

Alberta, where one went there seemed to be a demand for reduction in the tariff on automobiles, Mr. Coote said.

Mr. Coote compared the prices of two makes of motor cars to show that whereas in the United States the price was from 35 to 45 per cent, over the American price.

The American manufacturer was taking advantage of the tariff. If you bought a car made in Canada the tariff went to the American manufacturer, Mr. Coote said. "This tariff is imposed on the Canadian people for the American stockholder," he said.

**Faster in Good Condition**

Berlin.—Hospital authorities stated that the condition of Herr Jolly, professional faster, who established a record of 43 days abstention from food, was "fairly good," under the circumstances.

He is not confined because of serious consequences from the fast, it was said, but rather for scientific examination.

Jolly's real name is Siegfried Herr.

**Open Navigating Season**

Quebec.—Making a passage for themselves through the ice-covered waters of the Louise Basin in the local harbor, two fishermen, the Gascon and the Gulf, recently passed out into the St. Lawrence to the accompaniment of numerous sailors who sighted that the 1926 navigation season had begun.

**Unemployed Defied Police**

London.—Mounted police charged a crowd of several thousand unemployed demonstrators near Hyde Park, scattering them in all directions. The police acted when the demonstrators were attempting to form up in procession in defiance of police orders.

ing vigilantly after the big ship as though she would like to see a little more of the great world to which she has been a visitor only a few years. Doggy Chow is not quite so yearning a figure. He guesses any parting of the world is good enough for him so long as Miss Chow is within reach.

## Communists Reverse Attitude Toward Church

Anti-Religious Plays By Young Members Are Forbidden

Moscow.—Anti-religious plays and evening parties by members of the Young Communist organization are forbidden under orders just issued by the central committee of that body.

The committee says that such affairs are directed against the church and are calculated to irritate the feelings of church people, especially national minorities and engender hatred of the members of the Young Communist party by the peasantry.

The reversal of the attitude of the Communists toward the church is considered significant.

## Soldiers' Settlement Act

Lengthy Debate Features Discussion Of Bill To Amend The Act

Ottawa.—A lengthy debate occurred in the House of Commons on a resolution preceding a bill to amend the Soldiers' Settlement Act by providing for the revaluation of soldier settlement lands.

The debate was featured by an exchange of resolutions between Right Hon. Arthur Meighen, Opposition leader, and Hon. Chas. Dunning, minister of railways. The resolution passed and the bill received first reading.

The fiery exchange lasted for about twenty minutes and the episode was warm and exciting.

## Movement To Ban Undesirable Pictures

Advisory Commission Of League Wants Children Protected

Geneva.—A movement to protect children throughout the world from undesirable moving pictures was initiated by the League of Nations advisory commission on child welfare, which adopted a resolution for the creation of central censorship boards in each country, composed of educationalists and parents.

The resolution stipulates that these boards should prohibit the presentation of films prejudicial to the morality and immorality of children.

## Livestock Show At Calgary

The Largest Individual Winner Was A Local Exhibitor

Calgary.—W. P. Fleming, Calgary, was the largest individual winner at the Calgary spring livestock show, when his entries were awarded first and second prizes for the best 15 finished steers, first for the five finished steers and first for the best 15 finished steers sired by a registered Aberdeen Angus bull, George Telf. Warren, Man., was first with the best five finished steers under 1,100 pounds. Special prize for the best carload of steers purchased at the Calgary stock feeder show was awarded to Paul Gabriel, Brinkley, Alta.

## CLAIMS OCEAN RATES ON CATTLE ARE EXCESSIVE

Ottawa.—Colonel H. A. Mullins, Conservative, Quebec, moved in the house that the "Canadian Government Merchant Marine" should withdraw at once from the North Atlantic conference and should be operated independently of any conference, association or combine of steamship lines, with the sole object of conferring the greatest possible advantage upon the Canadian producer.

It had been brought out during the parliamentary investigation of ocean freight rates that the Canadian Government Merchant Marine "sat in" the meetings of the North Atlantic conference just as did the other steamship lines, said Colonel Mullins. He did not know whether the government vessels were still operated in conjunction with this combine, and he wished the government would inform the house of this matter. At any rate an excessive rate of \$20 per head for carrying cattle across to England still prevailed, and western cattle shippers were beginning to wonder if they would ever see it reduced. Why, he asked, would it not be possible to rent vessels of the merchant marine for carrying Canadian cattle? There were 24 ships of 8,000 tons each, which would be admirably suited for the cattle trade if properly rented.

Hon. C. A. Dunning, minister of railways and canals, said that Colonel Mullins had not discussed the resolution itself. As a matter of fact, however, the resolution was "one year late." The Canadian Government Merchant Marine withdrew from the conference in February, 1925.

## STOCK INDUSTRY IN THE WEST IS FLOURISHING

Calgary, D. E. Riley, High River, was re-elected president of the Western Stock Growers' Association at their thirtieth annual convention held here.

Dr. Michael Chalmers, of Oshawa, in a striking speech, said that the producing end of the stock business was all right, but that the distributing end was all wrong. He condemned the Conservatives for defeating reciprocity in 1911 and the Liberals and Progressives for not keeping their election promises given in 1921, and advocated bringing the Americans to time by increasing the export of cattle to Great Britain which he said could be done by removing the barriers to greater trade with Great Britain in general goods.

President D. E. Riley, in his annual address, paid a touching tribute to the late George Lane and said also that the stock industry is now in a better shape and has a brighter outlook than for years. He pointed out that the demand for work horses had been keen this spring.

Among the resolutions passed were: One expressing appreciation of the action of the Federal Government in restoring the 21-year closed lease to ranchers of Western Canada; expressing appreciation of the work of the attorney-general's department, particularly the C.P.R. to reduce freight rates on cattle; urging the Dominion Government to keep all screenings in the country for feed purposes; urging the Dominion Government to appoint a trade commissioner to Washington.

## Must Be Properly Equipped

Cattle Vessels to Carry Mechanical Killers Is New Order

Ottawa.—Vessels carrying cattle or other animals to a British port or after May 1 must be supplied with a proper mechanical killer.

Advice of this decision by the British ministry of agriculture was received at the federal department of agriculture.

The new order is intended to provide means for the humane slaughter of animals when it may become necessary to kill during a voyage.

This action is being taken. It is stated, owing to the occurrences on the steamship Manchester Producer, during her last voyage to Great Britain, when, owing to heavy storms, a considerable number of cattle suffered severe hardship and finally had to be jettisoned.

**Dear, Listens Over Radio**

Ingersoll, Ont.—For the first time in 40 years, Mrs. James Allen heard organ music distinctly over the radio when a programme was being broadcast from a local station. Circumstances show an interesting coincidence, as the last music that Mrs. Allen heard before becoming deaf was organ music in England about 40 years ago. This is the second instance this year where local parties who had not heard a sound of any kind for years have heard music over the radio.

**Was Sister Of Pope Plus X.**

Rome.—A lifetime of self-sacrificing devotion to religion was ended with the death of Anna Sarto, youngest sister of the Pope Plus X, after two months' illness and a difficult operation. Anna, 76, was a spinster. She died almost in poverty in the tiny apartment facing St. Peter's Square in which she had lived for many years. With Maria Sarto, now the only surviving sister of Plus X.

**Another Conference Planned**

Winnipeg.—Invitations to premiers of other Canadian provinces to attend a second, inter-provincial conference on succession duties was issued by Premier John Bracken. It was suggested that the meeting be held either in Montreal or Toronto.

**Altabasca Commission**

Ottawa.—Hon. Mr. Justice Beck, of the appeal division of the Supreme Court of Alberta, has been appointed royal commissioner to "investigate charges of alleged irregularities in the constituency of Altabasca, Alta., during the recent general election."

**B.C. Markets Near Potatoes**

Vancouver, B.C.—New potatoes, grown in the open, were marketed here by a Fraser Valley farmer and commanded a price of forty cents a pound.

**To Preach On Streets**

Chicago.—Believing there is need to take the gospel to the people instead of waiting for the people to go after it, sixty Chicago pastors have decided to preach on the streets this summer.

## Items of Local and General Interest

Miss Milda Bond is visiting for a few days with her brother at Monarch.

Mrs. J. Russell left Coleman on Saturday last to join her husband at West Saunders.

Charlie Howe spent the Easter holidays here with his parents, Mr. and Mrs. W. Howe.

The C.N.R., in handling grain west of Fort William, lost in 1923 and 1924 some \$12,000,000.

And just a few years ago being knock-kneed was a misfortune instead of a dance.

Peter Patterson and W. Oakes have returned from Edmonton, where they attended a convention of mine workers.

Mr. H. Gibeau has been ill for about a week at the home of his daughter, Mrs. C. Reddick, at Coleman.

A dance started at Frank at four o'clock on Monday afternoon. And some of the participants are still wiggling.

Mr. Drinnan, who for several years has travelled through this territory for Metals Limited, Calgary, has resigned to take up oil brokerage business at Calgary.

The preliminary estimate of the total yield of potatoes in Canada in 1925 is 44,497,000 cwt. from 545,891 acres, as compared with 56,648,000 cwt. from 561,628 acres in 1924.

A Newfoundland train, bearing the "Originals," an off-shot from the Dumbells, turned over near Briggs Junction. Only one of the troupe, Bob Anderson, comedian, was injured.

Two men from Stellarton, Nova Scotia, were among last week's arrivals at Coleman. Immediately upon arrival, one of the pair named Roy had to be removed to hospital to be operated upon for appendicitis.

The V.C. group of the C.G.I.T. will hold a tea and sale of fancy work, home cooking, candies, etc., on Saturday, May 1st, in the Lodge Hall. Many useful articles will be on sale. Keep this date open and come out and help the girls.

The Cardston municipal hospital district has just announced a cash surplus in operations of \$17,500, and is now endeavoring to purchase its outstanding debenture debt of \$5000. A by-law is to be submitted shortly for a new hospital building.

A May-Day dance will be held in the Union hall at Hillcrest on the night of Friday, April 30th, under auspices of Turtle Mountain Lodge No. 15, Knights of Pythias. Music will be furnished by the Hillcrest Serenaders.

Mr. Cranston, of Camrose, is now district mine inspector at Drumheller, while Duncan McDonald, who for the past few years has been in charge of that district, is now in charge of the Camrose district. Mr. McDonald will continue to make his home at Drumheller.

A special C.P.R. train for excursionists will leave Toronto on July 19th for the Pacific coast. Fares of \$330 are offered, which will include transportation, sleeping cars, accommodation in hotels and bungalow camps, meals in diners, hotels and on steamers, and sight-seeing tours at points visited.

A local teamster had the misfortune of having a team run away. He left them standing while he said "good night" to his friend and, unconsciously, made some kind of a sound which the horses thought was a chirp to start. Consequently the dray was broken to bits and he had to walk home.

### ROAD AROUND LAKE CLOSED

As we go to press we are informed that the main highway around Crow's Nest Lake will be closed tomorrow and will remain closed to traffic for about twenty days, during which time some special repair work is being done.

### FORESTRY DISPLAY

Through Mr. J. H. Boulton, district ranger, an effort is being made to fitly observe Forest Protection Week—April 18 to 24. We understand that a display of game trophies, native herbs, wood, etc., will be made in the windows of the A. Morency store here during that week and literature dealing with the protection and preservation of our forests and game will be distributed during that week.

K. G. Craig and Gordon Steves returned Monday morning from Calgary, where they had been watching the Alberta oil flow.

Jack Colvin, popular traveller for Leckie's out of Vancouver, died in that city recently. Jack was very well known throughout the Crows' Nest Pass.

Upwards of one hundred dollars was settled by the tea and sale of fancy work and Easter flowers staged by the ladies of the United church on Thursday afternoon last.

Miss Flora Warner, teacher of the Rainer, Alberta, school, spent Easter with her parents here, returning by Monday night's train, via Calgary, where she attended the teachers' convention.

W. H. Chappell, W. A. Beebe and J. R. Gresham return tomorrow from Calgary, where they had been called in connection with the case of Thorson et al against the Blairmore school board and district.

The teacher asked for a sentence which included the word "department." A young lad answered: "The other night I walked into the parlor when sister was entertaining her fellow. She said: 'Depart,' and from the look she gave him it was easy to see her 'depart' meant 'go!'"

Rev. H. Laurence Nobbs, the priest-in-charge of St. Athan's church, Coleman, has received from the Bishop of Calgary the news that he has been awarded the "Oswin Creighton" prize. This prize is awarded for the priest showing in his examinations for holy orders the highest theological standing. It is in memory of the Rev. Oswin Creighton, who before giving his life in the service of his country, served in Alberta. This is the first time that this award has been given.

### TOWN OF BLAIRMORE

#### PUBLIC NOTICE

### Tenders for Surfacing

Sealed tenders marked "Tenders for Surfacing," addressed to the Secretary-Treasurer, Town of Blairmore, will be received at the office of the Secretary-Treasurer up to 12 o'clock noon (Standard Time) Monday, April 12th, 1936, for the necessary grading and surfacing with crushed gravel and shale of the Main Street, from the Eastern to the Western boundary of the Town Limits of Blairmore, a distance of approximately 2500 feet.

Plans and specifications for the above work can be seen at the office of the Secretary-Treasurer. All tenders must be on forms supplied in a sealed envelope and marked "Tender for Surfacing." Each tender must be accompanied by a certified cheque made payable to the Secretary-Treasurer, of an amount equal to 10 per cent of the bid price as a security, the bidder is prepared to enter into a contract for the completion of the work as specified.

The right to reject any or all tenders is reserved by the Mayor and Council of Blairmore and the lowest, or any, tender will not of necessity be accepted.

ARTHUR J. KELLY,  
Secretary-Treasurer.

The north pole must be a barber's pole. Every explorer who goes near it has a close shave.

In Amherst, Nova Scotia, a disc harrow was used to cut up the icy surfaces of the streets.

Automobiles valued at more than three billions of dollars were sold on the instalment plan during 1925.

Jack McDonald, of the Empire hotel, Coleman, was confined to his home for a few days with tonsillitis.

Mrs. Junget, wife of Inspector Junget, of the R.C.M.P., Lethbridge, was in town for the musical festival.

Miss Gwen McDonald, who had been attending normal school at Calgary, arrived home for the Easter holidays.

Miss Dorothy Finnemore, of Blairmore, is a visitor in the city with her father, Mr. N. Finnemore—Lethbridge Herald.

The regular monthly meeting of the I.O.O.F. will be held on Monday, April 12th, at 7.30 p.m., in the Greenhill hotel parlor.

The Canadian Girls in Training have a membership of 35,000; it was reported at the annual meeting of the National Girls' Work Board in Toronto.

The members of the Ladies' Aid of the United church desire to thank the many friends for donations towards and patronage of their tea and sale on Thursday last.

Constable Bailey, formerly of the of the A.P.P. detachment here, who had been assigned duties in the Drumheller district for some months past, is spending a few days here.

A new train, to be known as the "Acadian Special," will run from New York to the Maritime Provinces this summer, starting the first week in July, and will cut the time of the journey by six hours.

The small rural school may have some advantage, but it is an expensive luxury. In Ontario, schools with from one to fifteen pupils cost \$18 per pupil per annum; from six to ten pupils \$19; while all schools average \$20 per pupil.

An Ontario pastor recently denounced the new five-cent coins as "one of the devil's agencies." "People in moments of weakness," he declared, "are often led to place them in collection plates in churches because of the resemblance they bear to quarters. Fourteen of them were dropped in the collection plate at one service."

The Boys' Service, announced to be held at the United church on Sunday evening next, has been postponed for one week, owing to inability of the orchestra to appear in full form. At the service on the night of Sunday, April 12th, the boys will have charge and the cup winning Tuxis orchestra, with Mr. Upton as leader, will be in attendance.

Mr. G. G. Coote, member for Macleod, is making a vigorous fight for the reduction of the duty on motor cars, and unless all signs fall, most of the public in these parts are very strongly with him. The difference in the price of cars between the United States and Canada has been very illuminating about the effect of the tariff.—Albertan.

The publishing of a newspaper today is a very expensive proposition and every time it yields to the importunities of some person or association seeking free publicity, it is simply raising costs. The world is full of causes that should be supported, but it is difficult for a newspaper to understand just why everything in connection with these causes can be paid for except newspaper space used.

### For Sale, For Rent, Etc.

FOR SALE—Seven-Room Dwelling House, on the lot with cement cellar and good barn. Property well fenced. Apply to C. Conat, West Blairmore.

FOR SALE—Four-Room House on State Street, Blairmore. House has bath and is equipped with electric light, water and telephone and moderately furnished. Apply to THE ENTERPRISE.
